Executive Director
Federal Executive Board*

Dear Fellow Federal Employees:

Welcome to the 2008 Metropolitan Atlanta Combined Federal Campaign—**The CFC!** It is an honor and a privilege to serve as the Chairperson for this year’s CFC Campaign. “Changing Lives, One Gift At a Time“ is the theme for this year’s campaign.

During my career in Federal Service, I have lived and worked in many locations. From Atlanta to Birmingham to Chicago to Baltimore...I have found that the Combined Federal Campaign is the nation’s largest and most successful federal annual workplace charity campaign. Federal employees have always “made it happen”!

Regulated by OPM and overseen by the Local Federal Coordinating Committee (LFCC), the CFC campaign is managed by a volunteer group of Federal employees who work with experienced nonprofit executives to generate contributions to eligible charities.

This year we, in Federal service, have yet another opportunity to change the lives of those in need by contributing to CFC—a reflection of the kind hearts of the federal employees in our communities. So find a cause that you believe in and with your continued generosity we will continue “Changing Lives, One Gift at a time”!

Paul D. Barnes
2008 Chair
