and Prevention

Yolanda Dangerfield
CFC Director
Centers for Disease Control
and Prevention

Gwendolyn J. Campbell
Executive Director
Federal Executive Board

I am honored to serve as the Chairman of the 2009 Metropolitan Atlanta Combined Federal Campaign. The Federal Campaign is one way that we all can help improve the lives of others. This year's theme is *Give Today and Change Tomorrow*.

With the recent economic downturn, the need for assistance is greater – both in the number of people in need and the consequent increased demand for additional goods and services. From food and shelter, to safety from violence, environmental protection, and the promotion of early detection, treatment, and prevention of disease, we can make a difference and be agents for positive change in the lives of many.

Your contributions are needed. I hope both returning and new contributors will find a cause and reach out to make a difference this year. We can change tomorrow for many when we give today.

Thank you,

Thomas R. Frieden, M.D., M.P.H.
Director, CDC, and
Administrator, ATSDR
